MEMORANDUM FOR: DIRECTOR OF CENTRAL INTELLIGENCE

ATTENTION: Deputy Director for Administration

SUBJECT: Proposed T/O for Communications Division, OSO

1. Attached herewith is a proposed Table of Organization for the Communications Division of OSO for the balance of FY 1951 and for FY 1952 totaling [redacted]. This T/O has been developed in conjunction with the Office of the Advisor for Management and the Classification Division of Personnel to meet the requirements not only of OSO, but also of all other components of CIA for orderly growth on a peacetime basis. Should the international situation so change as to warrant all-out mobilization for war, this T/O would be inadequate. It has been developed in conformity with the CIA Overseas Communications Plan, approved by the DCI on 25 April 1950 (TS 39580-B).

2. The OSO Budget Officer states that funds are available for the implementation of this Table of Organization for the balance of FY 1951. Provision is also being made in the 1952 budget for these personnel.

3. Military personnel required for communications activities that cannot be performed by civilians total [redacted] are already on duty overseas. Three officers will be stationed at headquarters, and [redacted] will be overseas. Provision has been made in the T/O for these officers and men.

4. The Overseas Section of the T/O is organized for administrative purposes into Communications Activities to conform to the areas for which the Foreign Divisions of OSO are responsible. If OSO and OPC Foreign Divisions areas are brought into conformity in accordance with the joint recommendation of ADPC and ADSO, the boundaries of Communications Activities will be adjusted accordingly.

5. It is requested that the proposed T/O for the Communications Division be approved for immediate implementation.
